DETAILED ACTION

Drawings

1. Figures 1a-1c should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

2. Claims 1-15 are objected to because of the following informalities:

in the sole independent claim, claim 1:

"impulse response function" in lines 8 and 10 should be -- impulse function response --; and

"step response function" in lines 10-11 should be -- step function response --; and

in dependent claims 14-15,

"impulse response and step function response" should be -- impulse function and step function response --.

Appropriate correction is required.
